SCORING MODEL & CRITERIA

SCORING MODEL

The ARCET Global scoring model and criteria was developed to ensure that all entries were scored accurately and effectively. We wanted our entrants and judges to have peace of mind that all winners were deserving. So much so, it received endorsement by a top English Business School.

ENDORSED BY

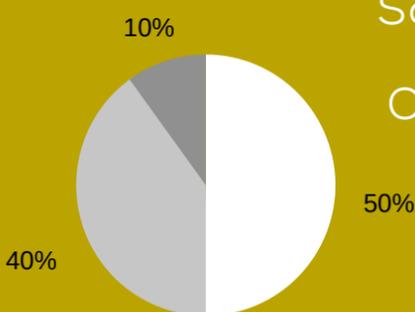

SCORING OF ENTRIES

Each Criteria is scored (higher the mark the better)

Scores are aggregated and given a percentage

Only Companies that achieve over 70% in Total are eligible to win a category

- Written Entry 50% - 2200 Word Submission
- Finalist Presentation 40% - 15 Minute Presentation
- Overall 10% - Scored after all finalists have presented

SCORING PROCESS

The ARCET Global scoring process has been carefully evaluated by the Customer Institute. An independent global organisation setting the gold standard for customer experience, as well as enabling and recognising excellence in customer centricity. They deemed our process to meet all its eligibility criteria to become a Certified process.

SCORING PROCESS

The written entry is worth 50% of the total marks and is submitted via an interactive PDF form. Which are evaluated by the judges. Those over a minimum threshold in are shortlisted for the finals.

The finals presentation is a 15 minute video presentation, watched by a panel of judges who are experts in that field. This is worth 40% of the total marks.

At the end of the scoring process, judges re evaluate each presentation and give them an overall score out of 100 (100 being the highest). This makes up the final 10% of the marks.

These scores are all added together and aggregated to give a total score out of 100. The winner is the entrant with the highest score over 70%

FEEDBACK REPORTS

After the finals all entrants receive feedback reports to understand how the judges reached their decision and help to improve for next year through constructive feedback from the judges.
